

# DAILY GAZETTE

Wells Boots.  
Grand View Hotel.  
Boston Clothing House.  
Go to Stern's East and West Las Vegas.  
Turkey for dinner Thanksgiving day at Hopper Bros.  
A lot of wool was shipped to Coates & Co., Philadelphia, yesterday.  
Silver bullion was yesterday quoted at 53½d per ounce in the London market.  
The Saloon by the side of the Court house is now used as a store room for wool.  
The people of East Las Vegas will hold a meeting at Jewett's Hotel tonight.  
Hopper Bros. feed from 80 to 100 persons all time now, no wonder, they feed well.  
Ducks and geese are represented by the thousands on Kroenig's lake, at Watrous.  
Everybody goes to Hopper Bros. East Las Vegas, when they want square meal. 99-2t.  
M. Heise, on the south side, is doing a fine trade since he commenced to wholesale liquor.  
The bridge over the river is open to foot passengers and will be opened to freighters in a day or two.  
Engine No. 77 ran yesterday into a loaded flat car and smashed things up pretty generally. No one was hurt.  
A very beautiful black tailed deer was to be seen, yesterday, hanging up before the butcher shop of Tom. Loftus in the new town.  
The paymaster of the U. S. Army came down on Sunday night's train and went up to Fort Union under escort of cavalry yesterday.  
Improvements are still going on rapidly around the Depot. The Co's buildings are now becoming so numerous it almost has the appearance of a young city.  
**On to the Pacific.**  
In commenting on the arrangement between the St. Louis and San Francisco road by the A. T. & S. F., the Kansas City Journal says:  
"As we understand it, it is not a purchase, but an arrangement by which the A. T. & S. F. succeed to obtain the franchise in the land grant west of Albuquerque, and build their own line to the Pacific. There is nothing said about the road from Vinia west, and we presume it remains in statu quo. At least the Boston Company, which is the Atchison, Topeka & Santa Fe, the Chicago, Burlington & Quincy and their allied roads, has no use for that piece of road, that runs away from them. But the west end has a magnificent land grant, and gives the A. T. & S. F. a way out of the pocket which the Southern Pacific and Tom Scott have been trying to get them into. It is an important and powerful checkmate to Jay Gould's recent move."  
This explains in part the proposed abandonment of the Gumbas route and the move of the engineers to San Diego, California.  
An important piece of news in Wall Street New York, is the announcement of the fact that the Atchison, Topeka & Santa Fe Railroad Company has complete an arrangement with the St. Louis & San Francisco in land in pursuance of which the railroad is to be built from Santa Fe to San Francisco under the old charter of the Atlantic & Pacific railroad. This charter is still valid and the land grant carried with it conveys about forty million acres. Bonds are to be issued to the amount of \$25,000,000 secured by these lands and the road, and guaranteed by the St. Louis & San Francisco and Atchison, Topeka & Santa Fe railroads. These bonds have been placed already. The recent heavy advances in St. Louis railroad securities are explained by the news of this arrangement.  
The new road, it is said, will commence at the Rio Grande and is to be pushed directly to the Pacific ocean. As the St. Louis & San Francisco company incurs no new obligations and acquires a half interest in the new railroad 1,100 miles long the rise in the stock is easily understood. This is the strongest opposition which Gould has met in his operations thus far. It amounts not only to one more Pacific route, but to two, as it virtually destroys the last prospect for the Southern Pacific being able to make an advantageous connection with the Santa Fe, and will force it to look to the Texas Pacific for an eastern connection.

**City Organization.**  
(From the Daily Optic.)  
The DAILY GAZETTE of Saturday morning alludes to the brilliant future of the "one town" which it says should be organized out of the two. This paper would not like to disappoint Mr. Koogler in this matter, but it would prefer declaring him and his Mexican friends a "little off," than to entertain a brief minute, the thought that American people, full of activity and enterprise, would consent to look arms and join destinies with the Mexican portion. Only the fair-minded and most liberal merchants on the plaza patronize the Daily Optic simply because, by doing so they might assist along a town which they hate as no set of men ever hated before. However this cannot be assigned as our reason for not consenting to a union of the two towns. We allude to this denial and in some instances withdrawal of patronage from us, merely to show to the world what narrow, selfish minds some people possess. If the old town had treated us fairly from the beginning, the case might have been different. However, their constant treatment of us has led the people on this side to believe that they would much rather see our busy, bustling American town in ashes than see it go ahead, without fear or favor, as it has from the start. It's too late in the day and too much antagonism has been manifested to talk about a reconciliation.

**PERSONAL.**  
Mrs. Jefferson Reynolds, came down on yesterday morning's train.  
Mr. H. L. Trisler has severed his connection with the Optic and will go into business.  
Mrs. James Stapp and children took last night's train for California, where they will hereafter make their home.  
Dr. J. V. Noel, of the engineer office took a run to Fort Union, Saturday, and returned Monday morning to his duties.  
The editor of this paper left on last evening's train for a two weeks visit east. W. G. Koogler will manage the business during his absence.  
Mrs. J. Scott Moore, of the Hot Springs, arrived on the Sunday morning's train from the East where she has been visiting for some time.  
Mrs. M. V. Rice has received a letter from Mr. Rice who went to Santa Fe to open a news office last week. He has arranged for the family to move over there the first of next week.  
Capt. W. H. Price, is up from his cattle ranch on Red River. He reports that on account of the dry weather, some kind of a disease has attacked the cattle causing many of them to go blind.  
Messrs Curtis and Shultz, formerly connected with the Hotel Reber, of St. Louis, called at the GAZETTE office yesterday. They are down here looking over the business prospects of New Mexico.  
John Stafford, late of Wichita, Kas., returned yesterday from Santa Fe, where he helped move Mr. Rice. Mr. Stafford is a brother-in-law of Mr. Rice and will move the two families to Santa Fe next week.  
George E. Wilbur and L. G. Pratt, of Boston, directors and managers of the Atchison, Topeka & Santa Fe railroad company in company with W. R. Morley, their chief engineer, are at San Diego, California. They are organizing a party to make surveys in the mountains east of that city and will proceed to work at once.
